Dubai Energy Drink, founded by Mohammed Al Mazrouei in 2018, aims to create a beverage that captures the essence of Dubai. The brand is inspired by the dynamic and fast-paced nature of the city and strives to offer a product that aligns with its vision and the preferences of its people.

In addition to their regular energy drink, Dubai Energy Drink also offers a sugar-free version that contains no high sugars or artificial sweeteners. Instead, it is sweetened with a zero-calorie, all-natural ingredient called Stevia. The drink is further enriched with B vitamins to enhance mental and physical stamina. It not only tastes great but also provides the perfect blend to help you stay energized and focused, switching you to “mode on”.
